

Summary of Education for EVT

Over the past 6 months, there have been a number of webinars held on Endovascular Therapy. The following is a list of those webinars, including the link to watch it and the PowerPoint slide deck (when available). Feel free to click on any of the links and watch the latest updates on this new treatment.

1. Ontario Stroke Network Endovascular Treatment Draft Recommendations: Provincial Consultation. Dr. Grant Stotts, Dr. Timo Krings. February 3 & 5, 2016.

Presentation Objectives:

- To provide a brief overview of the draft Endovascular Treatment recommendations for Ontario
- To provide an opportunity to discuss and provide input on implementation considerations to inform planning.
- To provide an opportunity for discussion and Q&A

Feb. 3, 2016:

4. **Endovascular Therapy Education for Physicians.** Dr. Wes Oczkowski. July 6, 2016. (1 hour)

<http://mediasite.otn.ca/Mediasite/Play/f43d4caad956401c9c1422515a789b581d?catalog=fd668812-d87c-47f9-b1ba-6d979fed9af4>

5. **Stroke Imaging in the Endovascular Era: A Practical Approach. Understanding the current landscape of diagnostic imaging for stroke and stroke intervention.** Dr. Sachin Pandey. July 14, 2016. (90 minutes)

Presentation Objectives:

- The role of noncontrast head CT in stroke.
- Technical interpretations and pitfalls of multiphase CT Angiography (CTA).
- Utility and limitations of advanced neuroimaging for stroke (CT perfusion and MRI)
