

The Stroke Network of Southeastern Ontario Presents: Provincial Stroke Rounds

Shirin Jalini, MD, FRCPC
Assistant Professor,
Division of Neurology,
Queen's University

Yield and Feasibility of Non-ECG gated cardiac CTA in Hyperacute Stroke

July 6, 2022 0800-0900h

Objectives:

Upon completion, participants will be able to:

1. Review evidence for cardiac CTA in identifying cardiac thrombus
2. Discuss potential role of cardiac CTA imaging in hyperacute stroke
3. Present single centre experience on implementation of cardiac CTA imaging in hyperacute stroke
